What we offer?

Event spaces: Woven into the natural landscape. Intimate outdoor settings immersed in nature, illuminated by string lights, framed by vegetation, warmed by fire pits, and crowned by starlit skies.

Photography: We collaborate with a curated selection of photographers, each known for their unique artistic vision and sensitivity in capturing meaningful moments.

Accommodation:

Galopina features five thoughtfully designed suites, created to offer comfort, privacy, and deep relaxation. Immersed in nature, each suite invites guests to disconnect and fully embrace the serenity of the surroundings.

Common areas: swimming pool, the bar, the terrace, two bonfires and trails.

Cuisine: Our culinary experiences are custom-designed for each couple. Menus are created by chefs who share our philosophy, focusing on thoughtful, seasonal, and memorable dining experiences that honor the moment being celebrated.

Wedding planning: We collaborate with a carefully curated selection of local vendors, including makeup artists, florists, musicians, lighting and sound professional, and more. To create something truly bespoke, a preliminary meeting is essential.

Photography spots: Romantic corners throughout the property, ideal for creating a styled photo session in the Yucatán countryside.

Galopina is located in the middle of a 7-hectare wilderness, immersed in nature.

Imagine exchanging vows beneath string lights, walking hand in hand along tree-lined paths, and celebrating with your guests around fire pits as night falls.

Our outdoor spaces—set among gardens, forest clearings, and natural corners—become the perfect settings for cocktails, inviting guests to gather and celebrate beneath the Yucatán sky.

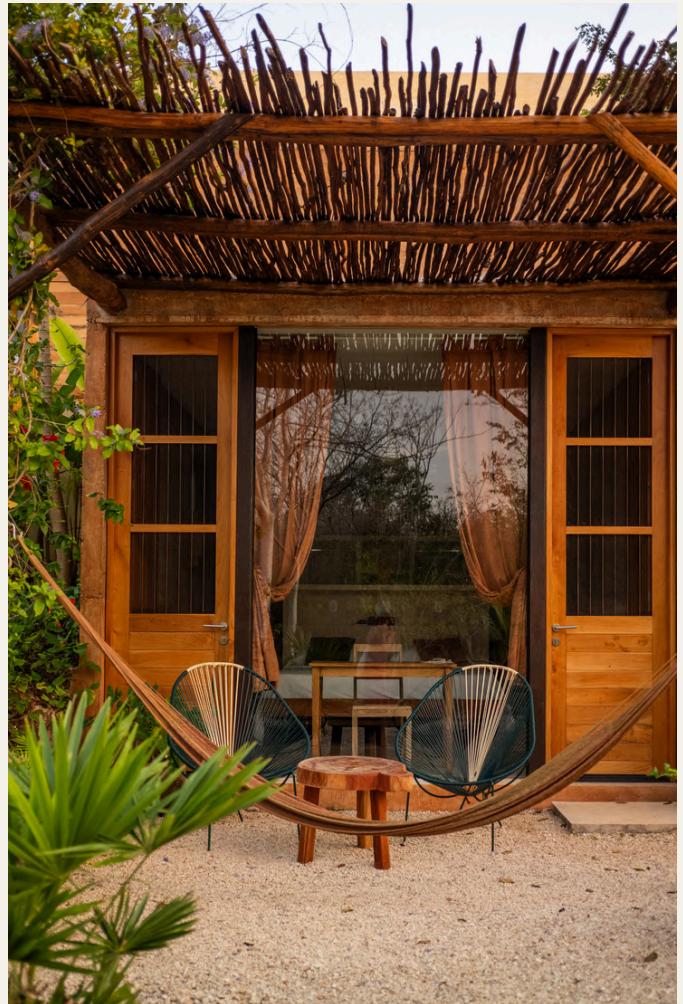

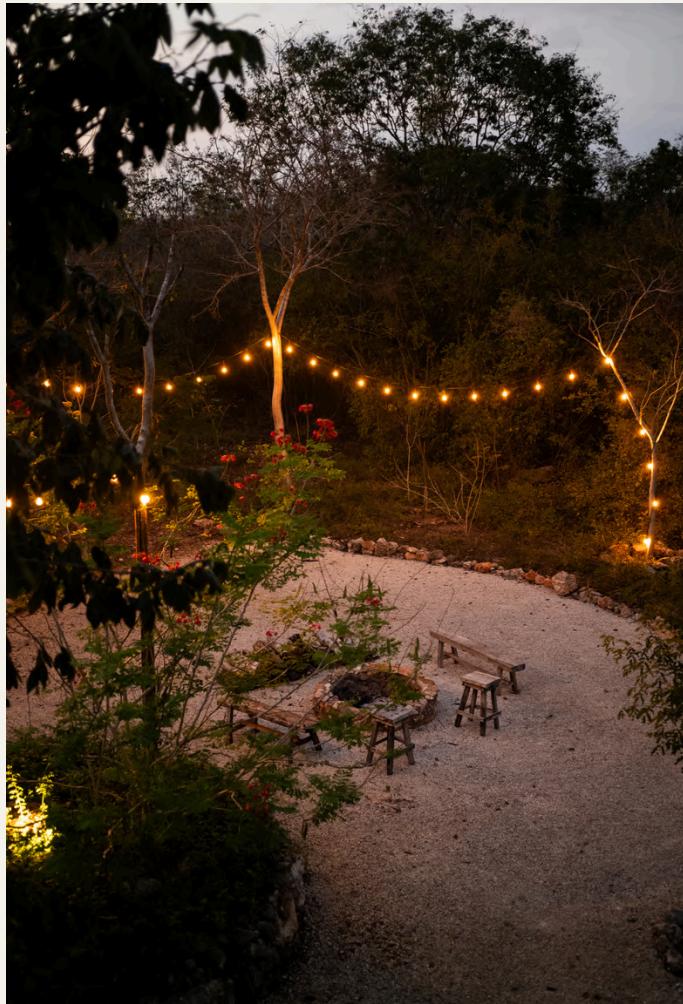

Galopina is not just a place, but a living experience, where nature and celebration come together to create a truly unique wedding.
